

Medicine Box / Medicine Bag Worksheet

Unit: Plants (Elementary and Middle School)

1. Make a Venn diagram in the space below comparing the medicine box of Lewis and Clark to the medicine bag of the Nez Perce.

2. What was used to “package” the medical supplies used in the medicine box by Lewis and Clark?

3. How is this different from the way that American Indians carried their medicines?

4. Which kits are easier to transport? Which kit do you believe best preserves and protects the medicine? Which container would you use during a trek and why?
